

22<sup>nd</sup> March

Dear Lauren and Bill,

Thank you so much for taking the time again to come to AIS. The feedback from the students has been very positive since Monday.

I commend you for your determination in getting the message out to these young people. Visits like yours go a long way to add to our curriculum and we appreciate it very much.

I expect that this will not be the last of your visits to AIS. Thanks for being so patient; I am sorry it took so long for us to get this initiative going.

Sincerely and with good wishes,

A handwritten signature in blue ink that reads "Patrick Hurworth". The signature is written in a cursive, flowing style.
