Re: It Won't Happen To Me Inc.

On October 21<sup>st</sup> & 22<sup>nd</sup>, 2008, Frederica Academy was privileged to host the extraordinary presentation by two committed and knowledgeable adults who were clear and appropriately straight-talkers regarding teen age loss of life caused by car crashers. There are messages about absolute seat belt use, weather driving adjustments, overcrowded cars, avoiding distractions and listening to one's own voice or doubtful thoughts. The fear factor and use of the language was powerful.

Our students were silent, attentive and thoughtful throughout the assembly. The video is full of good kids who look just like our students.

We are grateful that Mrs. Winborne and Mr. Richardson were able to come to our school. No doubt this reality program touched many and we expect some good decisions to be made in the future.

Sincerely,

Ellen E. Fleming  
Head of School
