April 16, 2008

Dear Bill:

Thank you so much for your time and support to help keep our students safe. You shared an amazing and moving presentation with just over 275 parents. Our parents left that meeting with a new sense of safety for our students behind the wheel. As a parent myself, you raised my awareness for my own son.

You did a second presentation for our student body of juniors and seniors. During the presentation, you could hear a pin drop. The students were moved and their awareness for safety was heightened.

Being the season for Spring weather, the beach, prom and graduation, your presentation could not have come at a better time. Again, thank you and I truly think your presentation may have saved lives.

Sincerely,

Amanda O'Nan
