Thank you for participating in the first annual “In Memory Of...” Walk-A-Thon. The purpose of this event is to bring about awareness that *CAR CRASHES are the #1 cause of teen deaths in the United States*. We are walking to remember those loved ones who have died in car crashes and honor their memory.

What Do I Do Now?

Pre-register for the walk. Registration participation fees are \$25 per person. You can download the registration packet on-line at www.itwonthappentome.org/GreaterKCChapter.asp. Upon completion, submit all forms and the registration fee by **September 1st, 2009** to assure you will get a participant T-Shirt. Make checks or money orders payable to “It Won’t Happen To Me--GKCC” or “IWHTM-GKCC.” Please **do not** send cash. Donations may be submitted on the day of the event. Mail your paperwork and check/money order to the following address:

IWHTM—Greater Kansas City Chapter
President Lori Kissinger
5024 Whispering Oaks Lane
Smithville, MO 64089

A confirmation receipt will be sent to you. Any uncollected registration forms and monies can be turned in on the day of the event. You may register the day of the event but we can not guarantee a T-Shirt will be available.

Join us on Saturday September 19th. Registration will begin at 9:00 am at the south parking lot next to the baseball stadium at Macken Park in North Kansas City, Missouri. Dress according to the weather, rain or sun as well as bring your walking shoes for the three mile walk. We will provide water and some light snacks.

Why should you get donations? The purpose of our organization is not only to honor the memory of those Missouri teens who have lost their lives in car crashes, but to raise funds used to educate teens and parents about safe driving decisions. One of our programs is called “Drive For Life” in which we share a 50 minute presentation with school, civic, churches, and courts—*really anyone who will listen*—with video and very personal, touching stories.

“It Won’t Happen To Me” is a non-profit organization that was started in Georgia by a retired police officer and a mother of six that has done extensive research on teen driving who wanted to help reduce teen car crashes. Please read our story at www.itwonthappentome.org/GreaterKCChapter.asp
